ROB MACHADO FOUNDATION x FEEDING SAN DIEGO

We were honored to receive a water refill station from the Rob Machado Foundation. We installed it in our volunteer training center to help reduce the use of single-use plastic. “Feeding San Diego is a hunger-relief organization, but they are also a food rescue organization. They are on a mission to connect every person facing hunger with nutritious meals by maximizing food rescue. The synergy was natural as we both believe in the importance of sustainability and that we all have a part to play in protecting the environment,” shares Rob Machado, professional surfer, and Feeding San Diego supporter.

“I AM SO GRATIFIED THAT I CAN BE A PART OF THE SOLUTION”

Since 2017, Lisa has volunteered more than 580 hours at Feeding San Diego as a front desk volunteer, food sorting volunteer, and community outreach ambassador. "I am so gratified that I can be a part of the solution and the little bit that I do helps our community. When we all work together we make an impact. I believe that if we put our brains and some resources together, people shouldn't be hungry," shares Lisa. She has worked as an Administrative Assistant at Creekside Elementary in the Poway Unified School District for nearly fourteen years.
