

FEEDING[®]
SAN DIEGO

ANNUAL REPORT
2018-2019

The background of the entire page is a close-up photograph of vibrant green leaves, likely from a plant like basil or spinach, showing detailed vein patterns and natural folds. The leaves are densely packed and fill the frame, creating a fresh and organic feel.

53% OF ALL FOOD DISTRIBUTED BY FEEDING SAN DIEGO WAS FRESH PRODUCE

MEMBER OF **FEEDING AMERICA**

WE ARE THE ONLY FEEDING AMERICA MEMBER IN SAN DIEGO COUNTY

The background of the page features a close-up photograph of several ripe, orange-colored fruits, likely nectarines or peaches, with a soft, natural lighting. Overlaid on this image are several large, semi-transparent, overlapping circles in shades of light blue and pale pink, creating a modern, layered aesthetic.

PATHWAYS TO HUNGER-RELIEF

In FY19, Feeding San Diego distributed 26.3 million meals through a variety of hunger-relief initiatives:

FEEDING KIDS

Feeding San Diego distributes nutritious food to local students through direct-to-client distributions and community partner programs

FEEDING FAMILIES

Feeding San Diego works to provide healthy meals to families across the county through direct programs and with agency partners.

FEEDING SENIORS

Seniors are California's fastest-growing population. Feeding San Diego supports food-insecure seniors in San Diego County through a number of different strategic partnerships.

FEEDING HEROES

San Diego is home to several military bases and thousands of active duty service members. Feeding San Diego proudly serves military families and veterans in partnership with local military organizations.

FEEDING EXCELLENCE

Feeding San Diego focuses on advocacy, CalFresh outreach and capacity building to maximize program impact.

The following pages outline the impact of the programs that supported each initiative.

FEEDING KIDS

SCHOOL PANTRY PROGRAM

The School Pantry Program helps alleviate child hunger in San Diego County by providing nutritious, healthy food to low-income students and their families. Distributions set up in a farmer's market style are consistently in the same locations at each campus, have routine distribution schedules, and provide access to nutrition education and additional community resources. When food is provided at locations a family already visits, parents and guardians do not have to give up more of their valuable time and transportation budget to put food on the table. The content of the food distributed through the School Pantry Program is 75% fresh produce and 25% shelf stable product.

FY19 RESULTS

Average Monthly Unique Households Served	4,019
Average Monthly Unique Children Served	8,142
Number of Sites	40
Total Meals	1,749,323

BACKPACK PROGRAM

The BackPack Program provides local students with an easy-to-carry bag filled with healthy staple items and three to four pounds of fresh produce when leaving school on Thursday or Friday afternoon. This weekly program helps bridge the gap between weekday school meals, ensuring children are well-nourished and ready to learn on Monday. The content of the food distributed through the BackPack Program is 66% fresh produce and 34% shelf-stable product.

FY19 RESULTS

Average Monthly Children Served	1,103
Number of Sites	13
Total Meals	198,855

AFTER SCHOOL AND SUMMER MEALS PROGRAMS

The After School and Summer Meals Programs help meet children’s needs after school and during the summer by providing free and nutritious breakfasts, lunches, and/or snacks at accessible sites throughout San Diego County. These programs are primarily funded by the USDA through the California Department of Education.

AFTER SCHOOL MEALS PROGRAM

FY19 RESULTS

Average Daily Participation	426
Number of Sites	16
Total Meals	76,866

SUMMER MEALS PROGRAM

FY19 RESULTS

Average Daily Participation	789
Number of Sites	27
Total Meals	32,345

“Food security isn’t a matter of charity, it’s a matter of justice.”
- Anonymous

“As a teacher, I completely understand and appreciate the wonderful work you do.”
- Jeannine

REGIONAL SCHOOL BREAK PROGRAM

The Regional School Break Program includes farmer’s market-style pantries in each region of the county during summer, spring, and winter school breaks.

FY19 RESULTS

Number of Sites	4
Total Meals	62,555

SUMMER PRODUCE PROGRAM

During summer food service, the Summer Produce Program provides pre-bagged produce to households with children every month.

FY19 RESULTS

Average Unique Household Participation	3,844
Number of Sites	32
Total Meals	34,180

FEEDING FAMILIES

AGENCY PARTNER PROGRAM

Feeding San Diego partners with local nonprofit organizations who operate their own food pantries and food distribution programs in neighborhoods throughout the county, including Interfaith Community Services, Community Resource Center, Wesley Community Services Center, Us 4 Warriors Foundation, McAlister Institute, and many other reputable organizations with expertise in addressing specific basic needs and human services. We provide deliveries of food, coordinate their pickup of rescued food from donors and retail partners, and ensure food safety and compliance standards are in place to protect people facing hunger. In addition, Feeding San Diego provides limited cash and in-kind grants to support agency partners in strengthening and expanding their capacity to serve additional people in need.

FY19 RESULTS

Average Monthly Households Served	63,000
Agency Partners	162
Total Meals	17,529,578

“

My nephew and I volunteered our time on three different occasions in 2018 and I felt compelled to donate a little something after learning more about Feeding San Diego. What a great place to volunteer and know that you're helping those who are in need. We'll definitely be back and I hope to donate more in the near future!

- Lyn

”

MOBILE PANTRY PROGRAM

The Mobile Pantry Program helps address rural hunger by providing nutritious, healthy food to families in the rural North and East parts of San Diego County. Distributions set up in a farmer's market style are consistently in the same locations in the community, have routine distribution schedules, and provide access to nutrition education and additional community resources. The content of the food distributed through the Mobile Pantry Program is 70% fresh produce and 30% donated product.

FY19 RESULTS

Average Monthly Unique Households Served	1,767
Number of Sites	16
Total Meals	1,298,243

COLLEGE PARTNERSHIPS PROGRAM

The College Partnerships Program helps alleviate college hunger in San Diego County by providing nutritious, healthy food to low-income college students and their families. Distributions set up in a farmer’s market style are consistently in the same locations at each campus, have routine distribution schedules, and provide access to nutrition education and additional community resources. In addition, college campuses have set up fixed on site pantries for the everyday needs of students. When food is provided at locations a student already visits, they do not have to give up more of their valuable time and transportation budget to put food on the table.

The content of the food distributed through the College Partnerships Program is 85% fresh produce and 14% shelf stable product or perishable product.

FY19 RESULTS	
Average Monthly Households Served	2,600
Number of Sites	7
Total Meals	366,845

“ I support food insecurity for students in college and realize students come to our campuses already experiencing hunger. ”
- Patricia

FEEDING
HEROES

San Diego is home to several military bases and thousands of currently serving and retired service members. As a part of the San Diego community, and in partnership with local military organizations, Feeding San Diego seeks to serve and support members of our active duty military and veteran households facing food insecurity throughout San Diego County. To meet this need, Feeding San Diego and our partners reach households through two direct service sites, three School Pantries, one Rural Mobile pantry and agency partners by providing food and food assistance services to military and veterans in a holistic and dignified manner.

FY19 RESULTS	
Average Monthly Households Served	8,014
Average Fresh Produce	18%
Number of Sites	15
Total Meals	2,359,282

FEEDING SENIORS

The Feeding Seniors Program aims to improve senior food security, reduce risk of chronic illnesses such as type-2 diabetes and hypertension, and increase self-sufficiency by providing nutritious, healthy food and CalFresh resources to low-income seniors. In line with the USDA, Feeding San Diego defines a senior as a person age 60 and older. Feeding San Diego and its partners will reach these individuals through client-choice distributions at three sites and produce to seniors in partnership with one Meals on Wheels (MOW) site. In addition, agencies serve seniors through regularly held distributions throughout the month. The content of the food distributed through the Feeding Seniors Program is 72% fresh produce and 28% shelf stable product, except for MOW which is 100% produce.

FY19 RESULTS

Average Monthly Households Served	6,635
Number of Sites	20
Total Meals	1,801,104

FEEDING EXCELLENCE

HEALTHCARE PARTNERSHIPS PROGRAM

The Healthcare Partnerships Program aims to help patients manage their health by improving food security through healthy food and nutrition education. Target populations include patients diagnosed with chronic illness, identified as food insecure and under medical treatment with partnering healthcare providers. The food distributed is nutritious, shelf-stable foods that follow a cardiac diet, including 50% fresh fruits and vegetables. Nutrition resources and recipes are provided each month, as well as nutrition-education classes and CalFresh application assistance when possible.

FY19 RESULTS

Average Monthly Duplicated Households Served	340
Number of Sites	5
Total Meals	61,250

CALFRESH PROGRAM

The CalFresh Program is a collaboration between Feeding San Diego, its multiple distribution partners, the San Diego Hunger Coalition, and the County of San Diego Health and Human Services Agency's Hospital and Community Support Services unit. Collectively, we all work to inform the public and increase the number of San Diego households accessing CalFresh (SNAP) benefits.

FY19 RESULTS

Total Attributable Meals	677,561
--------------------------	---------
