SECTION III TERMS AND CONDITIONS

1. Each party hereto represents and warrants that it has the authority to enter into this Agreement for itself and on behalf of its parent, affiliates and subsidiaries, if any (it being understood that each Food Bank is an independent, separately incorporated Code Section 501(c)(3) organization and is not, and shall not be deemed to be, an "affiliate" of Feeding America).

2. This Agreement shall be effective as of the date first written above and will continue in force and effect unless either party gives the other party at least thirty (30) days' advance written notice of termination by certified mail, postage prepaid, to the then current address of the respective party's corporate headquarters. Such notice shall be deemed given five days following the date it is deposited in the United States mail.

3. Title to donated Products will pass from Donor to the appropriate Food Bank at Donor's (or Donor's customer's) location when such Food Bank takes possession from Donor (or Donor's customer).

4. Donor shall have the right to recall any of its donated Products from any Food Bank, notwithstanding that title to the Products has already passed to the Food Bank. Said recall may be made for any reason at the sole discretion of the Donor. Feeding America and the Food Banks shall fully cooperate with Donor and return to Donor, at Donor's expense (such expense being limited to transportation or disposal costs attributable to the recall) all recalled Products in transit and/or still in the possession of

the Food Banks at the time of recall. Donor's rights and Food Banks' obligations under this paragraph shall be incorporated into Feeding America's contractual requirements of Food Banks and such rights and obligations shall be made to survive the expiration of any contract between any Food Bank and Feeding America.

5. This Agreement may be modified only by mutual agreement in writing signed by the parties hereto.

6. Except for an assignment by Donor to an affiliate, this agreement may not be assigned by either party without the prior written consent of the other party.

7. This Agreement is governed by and shall be interpreted under the internal substantive laws of the State of Illinois, without regard to its conflict of laws provisions.

8. **It is the intent of the parties hereto that acts taken in furtherance of this Agreement be undertaken in a manner as to be covered under the federal Good Samaritan Act (42 U.S.C.S § 1791).**

8. This Agreement shall be binding upon both parties when it is executed by both parties in the spaces provided below.

9. This Agreement contains the entire understanding between the parties in connection with the subject matter hereof. This Agreement has been drafted jointly by the parties, each represented by legal counsel, and no provision shall be construed for or against any party based upon which party initiated such provisions. Neither party need inquire as to the authority of the signatories hereto.

10. This Agreement supersedes any previous Donation Agreement that may have been executed between the parties.

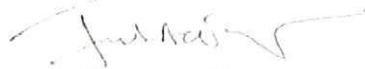

IN WITNESS WHEREOF, Donor and Feeding America have caused this Agreement to be executed in their respective names by their respective duly authorized corporate officers as of the day and year first written above.

Excerpt from
CERTIFIED AFFILIATE CONTRACT

SECTION 6
INDEMNIFICATION

-
- I. Each of Feeding America and the Food Bank (each an "Indemnitor") agrees to indemnify and hold harmless the other and its respective current and future officers, directors and affiliates (each a "Beneficiary") from and against any claims, demands, actions, losses, costs, damages, liabilities and expenses (including reasonable attorneys' fees) ("Claims"), relating to any breach or nonfulfillment of any representation or covenant regarding any matter within the scope of this agreement made by or attributable to the Indemnitor, its agents or employees ("Breach") to a Beneficiary, to the extent the Indemnitor ordered, participated in or knew about the Breach. This indemnification shall be in addition to any liability that the Indemnitor may otherwise have to a Beneficiary.
 - II. A Beneficiary seeking recovery under this provision shall give prompt notice to the Indemnitor that a Claim has been asserted by a third party against such Beneficiary, and shall provide the Indemnitor upon request with complete information regarding such Claim. No failure by a Beneficiary to provide the notice and information specified in the preceding sentence shall relieve the Indemnitor of any liability hereunder, except to the extent the Indemnitor has suffered actual prejudice due to such failure.
 - III. The Indemnitor may elect, by written notice to the Beneficiary within 60 days of receiving notice under II above, to participate in or assume the defense of any third party Claim at its own expense and with counsel reasonably acceptable to the Beneficiary. If the Indemnitor assumes the defense, the Indemnitor shall not be liable to the Beneficiary for any legal fees or associated expenses subsequently incurred by the latter in connection with such defense, unless the Indemnitor specifically authorizes the Beneficiary in writing to incur such expense; provided, however, that if the Beneficiary reasonably concludes that its defenses to the

Claim are different from or more extensive than those of the Indemnitor, (1) the Indemnitor may not assume (but may participate in) the defense of such Claim and (2) the Indemnitor shall be liable for reasonable attorneys' fees and associated expenses incurred by the Beneficiary in directing such defense

- IV. Whether or not the Indemnitor chooses to defend or prosecute any third party Claim, the parties shall cooperate in such defense or prosecution, including, without limitation, by providing records, information, and testimony, and by attending meetings and litigation-related proceedings as the other party may reasonably request; provided, however, that nothing contained herein shall be construed to require any disclosures which would be subject to any claim of privilege by the disclosing party.
- V. The Indemnitor shall not be liable hereunder for a settlement of any third party Claim effected without its consent (which consent shall not be unreasonably withheld), unless the Indemnitor refuses to acknowledge liability hereunder and/or declines to defend the Beneficiary in such Claim.
- VI. In consideration of the donation by donors ("Donors") of food, over-the-counter pharmaceuticals, and other consumer household products ("Products") through Feeding America and the Network, the Food Bank hereby agrees to indemnify, defend and hold harmless each Donor who donates Product to the undersigned, such Donor's parent, subsidiaries and other affiliates, if any, (collectively, the "Donor Indemnitees") from and against any and all liabilities, claims, demands, suits, losses, damages, costs and expenses, including reasonable attorney's fees (collectively "Liabilities"), for bodily injury to, or the death of, any person and damage to, or destruction of, any property caused by any negligence, recklessness or intentional misconduct of the Food Bank, its directors, officers, employees, agents or independent contractors (collectively, the "Food Bank Group") in connection with the handling or distribution by the Food Bank Group of any Products donated by any Donor, except for any Liabilities resulting from negligence, recklessness or intentional misconduct on the part of any Donor Indemnitee or any other person or entity other than the Food Bank Group, and provided that the undersigned shall be obligated under the foregoing indemnification provision, and shall have liability to any Donor Indemnitee, only to the extent that the undersigned is insured against such obligation.

The foregoing indemnity shall not effect, or be deemed to have effected, a waiver by any of the Food Bank, Feeding America or any Donor of any protection against liability which may be available under any "Good Samaritan Act" or similar statute.

Food Bank Partnerships

Partner Identification and Requirements

Albertsons Safeway has a national indemnity agreement with Feeding America and its member agencies to properly store and track food donations. The agreement is not exclusive, however, so local agencies that are not part of Feeding America can

partner with your store on Fresh Rescue. All partners must meet the following requirements:

- Have current non-profit status with their IRS letter on file at the banner office
 - 501 (c) (3)
- Have a signed indemnity contract on file at the banner office – Feeding America members are exempt from this requirement
- Have appropriate and safe food handling procedures and equipment, including but not limited to the following:
 - Facility vehicle is able to transport product in one trip and maintain proper temperature control (24° - 28°F).
 - Facility has a regular cleaning schedule and maintains a clean, well maintained vehicle.
 - Facility is clean, and sanitizing procedures are strictly followed.
 - Appropriate equipment will be used to keep product temperature safe throughout transport.
 - Refrigerated and frozen product will be immediately placed in refrigerators or freezers upon delivery.

Initiating Partnership

Before beginning a new agency partnership, please communicate banner management and food donation coordinator to ensure the IRS letter and indemnity contract are on file. After approval has been granted, host a meeting between agency representatives, receiving clerk and department managers to discuss the donation process and to determine a start date for the program at your store.

Product Donation Process

The donation process involves the Receiving Clerk at each store to oversee the donation pick-up and tracking.

The process is as follows:

- Department Managers inspect out-of-code items daily and deposit them for donation in labeled bins within each department or in the receiving area.
 - Designated locations are to be agreed upon between the Receiving Clerk and agency representative. These are the only locations the agency representative can go to in the back areas of the store.
 - Donation Magnets should be placed on wall above designated bins to identify that area as the agreed collection spot for donation items.
 - All items that are to be kept cool or frozen should be kept in that department's cooler and or freezer **(All proteins to be frozen solid)**.
- A Donation sticker program is available for any department **(banner specified)**
- All food products remain in their original packaging.
- All non-shelf stable foods except for dairy, produce, and eggs, are frozen solid for pick-up.

- Any item that may receive reclamation credit **must not be donated**.
- All vendor products for which credit has already been received and the vendor directs the items to be donated to our partner agency may be donated.
- No item involved in a health hazard recall **may be donated**.
- All products must be properly packaged with labels and seals intact.
- Receiving Clerk arranges pick-up schedule with partner agency.
 - Only recognized driver from partner agency may accept store donations.
 - Vehicles used to transfer donations must be clean, well-maintained, and properly temperature-controlled (**use of temperature controlling pallet covers or thermal blankets approved by food safety are acceptable**)
 - Refrigerated and frozen products must be loaded directly into vehicles from the cooler or freezer.
- Upon pick-up, all products are weighed and a receipt is provided to the Receiving Clerk either upon pick up or delivered on following pick up.
- On an annual basis, Albertsons Safeway will total all donations and report them to the community as a demonstration of Albertsons Safeway's commitment to hunger relief.
