

# Nominate a Hunger Relief Champion!

Every week, our agencies rescue food from a variety of donors and build meaningful relationships with store-level staff. We hear so many inspiring stories about these connections, and we want to give our agencies the chance to recognize the incredible people they work with every day.

If you know someone at a donor site who goes above and beyond—whether through their passion for helping the community or simply their positive attitude—we'd love for you to nominate them for a Hunger Relief Champion Award!

## How the Process Works:

### Step One

Identify who you would like to nominate, which donor site they work at, and why you'd like to nominate them.

### Step Two

Complete the Hunger Relief Champion nomination on the Food Rescue Request Form under the "I would like to..." dropdown.

### Step Three

Feeding San Diego will be notified and coordinate an in-person award presentation with your agency, FSD staff, and the nominee.

### Step Four

Present the award at the donor site, recognizing the nominee in front of their team and celebrating their impact on the community.
